

# DOCKER DESKTOP INSTALLATION

Team id	PNT2022TMID14991
Project Name	Plasma Donor Application

## Docker CLI Installation

### Step 1: install Docker Desktop

The screenshot shows a web browser window with multiple tabs. The active tab is 'docs.docker.com/desktop/install/windows-install/'. The page content includes a navigation bar with 'docker docs' and a search bar. The main content area is titled 'Install Docker Desktop / Install on Windows'. It features a 'Docker Desktop terms' section, a 'Download Docker Desktop for Windows' section with a 'Download Docker Desktop for Windows' button, and a 'System requirements' section. A sidebar on the left lists various installation guides. A 'Contents' section on the right lists topics like 'System requirements', 'WSL 2 backend', and 'Hyper-V backend'. At the bottom, there is a cookie consent banner with 'Cookies Settings', 'Reject All', and 'Accept All Cookies' buttons.

## Step 2: Run setup and open docker Desktop
